CONCEDES PRINCIPLES

Bryan Makes Public British Note.

ONE VERY FRIENDLY

Frank Discussion of Contraband Will Be Continued.

Washington, Jan. 11.—Great Britain's preliminary reply to the note from the United States government, requesting an improvement in the treatment of American commerce by the British fleet, was made public here and in London by mutual agreement between the state department and the British foreign office.

The British communication concurs in the view of the United States that commerce between neutral nations should be interfered with only when imperatively necessary and officials of the Washington government construed it as conceding that the principles expressed by the American note were just and upheld by the previously accepted usages of international law.

The only formal comment made was contained in a brief statement issued by Secretary Bryan. He said:

"This answer being preliminary and not intended as a complete reply we will postpone comment until the full answer is received."

British Present Statistics.

Briefly, the British note, while conceding the principles of the American government's contentions, points out differences in actual practice, refers to alleged fraudulent practices by shippers and cites statistics showing an increase rather than a decrease in certain neutral commerce in support of Great Britain's suspicion that Germany and Austria have been obtaining indirectly contraband through neutral countries.

The note promises that Great Britain will "make redress" whenever the action of the British fleet "may unintentionally exceed the limits" of international law.

While they are greatly reserved in their comments it may be stated authoritatively that high officials of the United States government regard the tone of the note as entirely friendly and believe the discussion, which will follow it, will be carried on in the same vein, with a desire on the part of both countries to reach a satisfactory understanding.

Gratifying to Officials.

The admission by Great Britain of some of the chief points in the American note—that the relations between neutrals were those of peace and not of war—was gratifying to officials. They believe the controversy will now resolve itself into a frank discussion of what are the actual necessities of the case which impel interference by a belligerent when suspecting that the ultimate destination of a neutral cargo is belligerent territory.

Statistics brought forth to show commerce between the United States and neutral countries contiguous to Germany and Austria had increased materially since the outbreak of the war were regarded as misleading. It was pointed out that, in view of the breaking down of the normal routes of commerce with Germany and Austria, many noncontraband products had been shipped through neutral countries. Similarly the neutral countries which previously had obtained much of their supplies from belligerents were now importing from the United States.

Copper Shipments to Italy.

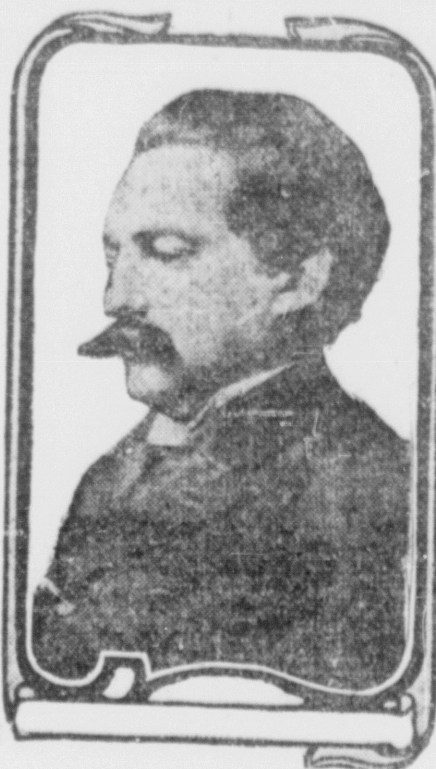

As to the increase of shipments in copper to Italy it was pointed out that the Italian ambassador here already had explained that Italy, which previously had obtained copper from Germany and Austria for her manufacturers, now was forced to import from the United States because of the embargo on importation on which the belligerents themselves had imposed. The American government contends that if some copper has reached the belligerents through neutral countries it is the duty of the British to make more effective arrangements with those neutral countries.

May Not Accept British View.

There is every reason to believe the

view of Great Britain that cargoes must be taken into port for extended examination. While statistics advanced show that only forty-five cargoes out of 773 have actually got into the prize courts officials here call attention to the fact that no mention is made in the British note of the great number of American cargoes detained and subsequently released.

It was not the loss already suffered by American commerce which brought forth the American note, but the desire to prevent commerce in the future being mistreated. The United States also laid stress on the effect which the detentions already made had had on shippers, who hesitated to export cargoes on account of the hazards involved, and what was termed the indecision of the British authorities in applying their own rules.

Advance Novel Argument.

Officials regarded as novel the argument of Great Britain that it could not give unlimited adherence to the rules with respect to conditional contraband destined for belligerent countries, because Britain's enemies had departed "from hitherto accepted rules of civilization and humanity." It was suggested that American commerce should not be forced to suffer because of circumstances over which this government or the American people could have no possible control.

As a whole the note was regarded as satisfactory, though the state department will marshal statistics and facts to dispute some of its contentions. These will be set forth in the American note of reply, which will follow the receipt of the note that is to follow this preliminary communication.

In the meantime improvements being put into effect daily by the allies in the treatment of neutral commerce are counted upon to ameliorate the situation.

WILL PUSH BILL TO PROHIBIT EXPORTS

Two Lawmakers Object to Shipment of War Munitions.

Washington, Jan. 11.—Despite the receipt of a note from the German imperial government that it has no intention of asking the United States to pass the Bartholdt-Vollmer bill prohibiting the exportation of arms, ammunition and munitions of war the authors of the measure will insist upon its passage.

It is conceded generally that the enactment of the proposed legislation would seriously cripple the trade of this country, even though discretion were left to the president as to what articles should be prohibited. According to officials here the president, under the terms of the Bartholdt-Vollmer bill, could prohibit arms and munitions, and place an embargo on practically all exports of whatever character on the theory that they were embraced in the terms "munitions of war."

All authorities agree that the term "contraband" and the phrase "munitions of war" are exceedingly elastic. "Contraband" is anything in fact that a belligerent wants to hold up if it has the power to do so. Foodstuffs of all kinds, clothing and machinery may be classified as "munitions of war."

The British declaration on contraband of war includes numerous articles and the shipment of all of them would be prohibited if Representatives Bartholdt and Vollmer had their way.

COMMENTS ON GREY'S NOTE

London Mail Says It Is Candid, Pertinent and Conciliatory.

London, Jan. 11.—In its editorial comment on Great Britain's reply to the United States government's note concerning delays to American commerce through the searching of vessels by the British fleet, the Daily Mail expresses confidence that the American people will ungrudgingly recognize many merits in Sir Edward Grey's communication.

"It is prompt, candid, pertinent and conciliatory," says the Daily Mail, "and, while it does not profess to be exhaustive, it brings most of the American assertions and complaints to the touchstone of fact. In tone and spirit it conforms to that ideal friendly frankness which the United States government suggested as the right note."

Details as to the number of troops engaged or the casualties were not given, but it was reported a trainload of wounded had been taken to Monterey for treatment.

The Constitutionalists' defeat was said to have been the result of a misunderstanding of orders. According to the reports the Constitutionalists forces were closing in on Saltillo and had obtained positions of vantage, when the cry was raised that Villa's troops had scattered themselves throughout the attacking side. The Constitutionalists became demoralized and a hasty retreat followed. It was further reported that 650 Constitutionalists joined Villa's forces.

Villa's troops drove the defeated forces to Rinconada, between Saltillo and Monterey, it was reported. There another desperate but unsuccessful stand was made. The retreating forces were said to be falling back in an orderly manner to Monterey, where another engagement is expected.

The wedding will take place at the home of the bride and Philip Corbin, who has just inherited an estate of \$1,000,000 from his grandfather, Philip Corbin, founder of the American Hardware corporation, will be the best man.

Mr. Judd is a grandson of the late Mrs. Josephine M. Judd, who left him about half a million. Mr. Judd is about twenty-eight years old.

Charles G. Gates died late in 1912 at Cody, Wyo., while on a hunting trip. His death ended a career as spectacular as that of his father. His widow, who is less than thirty years old and popular socially in Minneapolis, is reputed to have an estate of \$6,000,000 to \$7,000,000.

FRENCH FORCES ARE MAKING PROGRESS

War Office Tells of Fighting at Many Points.

Paris, Jan. 11.—The following official statement was issued by the war office:

"From the sea to the Oise there have been artillery duels.

"On the Aisne, in the region of Soissons, the enemy, in spite of many attacks, has not been able to recapture the trenches which he lost.

"In the country, from Rheims to the Argonne, our artillery has shelled the German trenches effectively at several points, driving away bodies of sappers.

"The positions which we have gained at Perthes and around that village have been organized. A counter attack of the enemy to the west of Perthes has been repulsed. In the neighborhood of La Porte de Beaumont we have made a twofold progress by gaining ground to the west and by taking possession of a field fort to the north.

"In the Argonne the enemy has bombarded the region of Four de Paris; we have replied and destroyed a German blockhouse. To the west of Bourneville all our positions have been maintained. Between the Argonne and the Meuse nothing noteworthy occurred.

"On the heights of the Meuse in the forest of Apremonte one of the enemy's attacks has been checked by the fire of our artillery.

"In the Vosges to the northwest of Watwiller (in the region of Thann) we also have repulsed an attack."

POLICEWOMAN TAKES FIVE

Jumps From Street Car and Rounds Up Fighters.

Chicago, Jan. 11.—When a patrol wagon full of policemen reached a North Side corner in answer to a riot call they found Miss Alice Clements, a policewoman, her revolver in hand, with four men and a woman under arrest. Miss Clements was passing on a street car when she saw the five fighting in the street.

REPEL ALL ASSAULTS

Germans Are Holding Their Own.

WEATHER BIG FACTOR

Interferes With Operations on East and West Fronts.

Berlin, Jan. 11.—The war office gave out the following statement:

"The bad weather continues in the western theater of the war. The Lys has, in certain places, flooded the country to the width of 800 meters.

"The enemy's attempts to eject us from our positions in the dunes of Neuport failed.

"Northeast of Soissons the French repeated their attacks. They were all repulsed with great losses to the enemy. We captured more than 100 prisoners. Battles at Soissons itself recommenced. The French again have fiercely attacked. Their attacks broke down with heavy losses to them. We took about fourteen prisoners.

"In the Argonne we have gained further ground. There and also in the neighborhood of Apremont, north of Toul, the battles continue.

"On the evening of Jan. 8 the French again tried to take the village of Gurnhaupt by a night attack, which failed completely. Our troops took 230 more French prisoners and one machine gun, so that the war booty taken at Gurnhaupt is increased to two officers, 420 men and one machine gun.

"The French apparently suffered heavy losses on this occasion also, as great numbers of killed and injured are lying before our front and in the neighborhood of the woods.

"Only trivial engagements took place in Upper Alsace.

"The weather in the eastern theater of war has not improved. The situation remains unchanged on the entire eastern front.

"Unimportant Russian advances south of Mlava were repulsed."

GERMANS REPORTED TO HAVE LEFT LILLE

City Said to Be in Possession of the British.

London, Jan. 11.—A dispatch to the Daily Express from Poulouge asserts that confirmation has been obtained of rumors that the Germans have evacuated Lille and that the city now is virtually in the possession of the British.

A dispatch from Dunkirk to the Havas agency says a dozen German aeroplanes bombarded Dunkirk and environs Sunday.

Thirty bombs were thrown by the airmen, but owing to the precautions that have been taken there, there were few victims. The material damage was unimportant.

A Zeppelin airship, accompanied by three German monoplanes, passed over Furness, Dunkirk and Calais Saturday night, according to the Daily Chronicle's French frontier correspondent.

They were flying very high and did not attack the towns they flew over.

DESTROY MILITARY TRAINS

French Aviators and Artillery Demolish Railway.

Paris, Jan. 11.—The bombardment Jan. 7 by the French heavy artillery of the railroad station at Altkirch, Upper Alsace, was more than a simple military manifestation, says the Matin. The precise object of the attack was to prevent the passage of important reinforcements which were destined to co-operate in the German defense of Steinbach.

Aided by aviators the French artillery demolished the railway line of the upper Ill river, rendering it useless to the Germans for more than three miles, continues the paper. Above Hirsbach two German trains, bringing reserve troops en route from the Swiss frontier towards Muelhausen, broke down. Later the trains were subjected to a heavy artillery fire, began to burn and were destroyed. The Germans, meantime, began a retreating movement toward the hills dominating Hirsbach.

St. Paul, Jan. 11.—Unable to give the police any information that might lead to the apprehension of her husband Mrs. George Baysinger, arrested Saturday a few hours after Julius Henry was slugged and robbed of \$2,700 at the Hill building, was released.

The police say they are certain Baysinger is hiding in St. Paul. Henry's condition is slightly improved at St. Joseph's hospital.

FORTY-NINER PASSES AWAY

Went to California in the Days of the Gold Rush.

Springfield, Mass., Jan. 11.—Colonel John F. Marsh, eighty-six years old, a Mexican war veteran, an officer in the Sixth Wisconsin regiment and later lieutenant colonel of the Twelfth New Hampshire in the Civil war, died here. Colonel Marsh was a California forty-niner. He served in both houses of the Massachusetts legislature.

BOY SLAYER TRAPPED BY HIS SWEETHEART.

St. Louis, Jan. 11.—Jesse Coggins, the sixteen-year-old boy under arrest charged with the murder of his stepmother, Mrs. Olive Coggins, was betrayed to the police by his fifteen-year-old sweetheart, according to a report circulated here. Coggins has confessed the crime. Coggins' sweetheart is said to have told the police that she flitted her just prior to the murder and that she was betraying him from motives of revenge.

Naval Battle Unconfirmed.

Rio Janeiro, Jan. 11.—The Havas agency has received no confirmation of the report of the naval battle between the British cruiser Invincible and the German cruiser Von der Tann off Rio Grande do Norte. Naval officials here place little credence in the report.

MRS. C. G. GATES.

Will Be Married on Jan. 30 at Minneapolis.

© 1911, by American Press Association.

MRS. C. G. GATES WILL WED

Young Widow to Become Bride of Harold Lee Judd.

New Britain, Conn., Jan. 11.—Announcement was made here that Harold Lee Judd, one of New Britain's wealthiest young men and prominent socially, will be married Jan. 30, at Minneapolis, to Mrs. Charles G. Gates, widow of the millionaire sportsman and the son of the famous John W. Gates. The wedding will take place at the home of the bride and Philip Corbin, who has just inherited an estate of \$1,000,000 from his grandfather, Philip Corbin, founder of the American Hardware corporation, will be the best man.

Mr. Judd is a grandson of the late Mrs. Josephine M. Judd, who left him about half a million. Mr. Judd is about twenty-eight years old.

Charles G. Gates died late in 1913 at Cody, Wyo., while on a hunting trip. His death ended a career as spectacular as that of his father. His widow, who is less than thirty years old and popular socially in Minneapolis, is reputed to have an estate of \$6,000,000 to \$7,000,000.

FRENCH FORCES ARE MAKING PROGRESS

War Office Tells of Fighting at Many Points.

Paris, Jan. 11.—The following official statement was issued by the war office:

"From the sea to the Oise there have been artillery duels.

"On the Aisne, in the region of Soissons, the enemy, in spite of many attacks, has not been able to recapture the trenches which he lost.

"In the country, from Rheims to the Argonne, our artillery has shelled the German trenches effectively at several points, driving away bodies of sappers.

"The positions which we have gained at Perthes and around that village have been organized. A counter attack of the enemy to the west of Perthes has been repulsed. In the neighborhood of La Porte de Beausjour we have made a twofold progress by gaining ground to the west and by taking possession of a field fort to the north.

"In the Argonne the enemy has bombarded the region of Four de Paris; we have replied and destroyed a German blockhouse. To the west of Bourneville all our positions have been maintained. Between the Argonne and the Meuse nothing noteworthy occurred.

"On the heights of the Meuse in the forest of Apremonte one of the enemy's attacks has been checked by the fire of our artillery.

"In the Vosges to the northwest of Watwiller (in the region of Thann) we also have repulsed an attack."

POLICEWOMAN TAKES FIVE

Jumps From Street Car and Rounds Up Fighters.

Chicago, Jan. 11.—When a patrol wagon full of policemen reached a North Side corner in answer to a riot call they found Miss Alice Clements, a policewoman, her revolver in hand, with four men and a woman under arrest. Miss Clements was passing on a street car when she saw the five fighting in the street.

REPEL ALL ASSAULTS

Germans Are Holding Their Own.

WEATHER BIG FACTOR

Interferes With Operations on East and West Fronts.

Berlin, Jan. 11.—The war office gave out the following statement:

"The bad weather continues in the western theater of the war. The Lys has, in certain places, flooded the country to the width of 800 meters.

"The enemy's attempts to eject us from our positions in the dunes of Neuport failed.

"Northeast of Soissons the French repeated their attacks. They were all repulsed with great losses to the enemy. We captured more than 100 prisoners. Battles at Soissons itself recommenced. The French again have fiercely attacked. Their attacks broke down with heavy losses to them. We took about fourteen prisoners.

"In the Argonne we have gained further ground. There and also in the neighborhood of Apremont, north of Toul, the battles continue.

"On the evening of Jan. 8 the French again tried to take the village of Gurnhaupt by a night attack, which failed completely. Our troops took 230 more French prisoners and one machine gun, so that the war booty taken at Gurnhaupt is increased to two officers, 420 men and one machine gun.

"The French apparently suffered heavy losses on this occasion also, as great numbers of killed and injured are lying before our front and in the neighborhood of the woods.

"Only trivial engagements took place in Upper Alsace.

"The weather in the eastern theater of war has not improved. The situation remains unchanged on the entire eastern front.

"Unimportant Russian advances south of Mlava were repulsed."

GERMANS REPORTED TO HAVE LEFT LILLE

City Said to Be in Possession of the British.

London, Jan. 11.—A dispatch to the Daily Express from Pouligne asserts that confirmation has been obtained of rumors that the Germans have evacuated Lille and that the city now is virtually in the possession of the British.

A dispatch from Dunkirk to the Havas agency says a dozen German aeroplanes bombarded Dunkirk and environs Sunday.

Thirty bombs were thrown by the airmen, but owing to the precautions that have been taken there, there were few victims. The material damage was unimportant.

A Zeppelin airship, accompanied by three German monoplane, passed over Furness, Dunkirk and Calais Saturday night, according to the Daily Chronicle's French frontier correspondent.

They were flying very high and did not attack the towns they flew over.

DESTROY MILITARY TRAINS

French Aviators and Artillery Demolish Railway.

Paris, Jan. 11.—The bombardment Jan. 7 by the French heavy artillery of the railroad station at Altkirch, Upper Alsace, was more than a simple military manifestation, says the Martin. The precise object of the attack was to prevent the passage of important reinforcements which were destined to co-operate in the German defense of Steinbach.

Aided by aviators the French artillery demolished the railway line of the upper Ill river, rendering it useless to the Germans for more than three miles, continues the paper. Above Hirschbach two German trains, bringing reserve troops en route from the Swiss frontier towards Muehlhausen, broke down. Later the trains were subjected to a heavy artillery fire, began to burn and were destroyed. The Germans, meantime, began a retreating movement toward the hills dominating Hirschbach.

MUSIC AND DRAMA

At the Empress

The show last night at the Em-
press theatre was one of rare merit.
"The Friend" a drama in two reels
deals with an often discussed ques-
tion. Is it right for a man who
knows of a mistake in a woman's past
life to tell the man she is engaged to
of it? The solution offered by this
picture is the one held by most peo-
ple, and the film portrays it in a most
forceful manner. "A Dog's Good
Deed" was another reel of pleasure.
The intelligence of the dog shown
who is the star of all trained dogs,
is something uncanny. About the
only thing he can do is talk.

"Leading Lizzie Astray" is a
scream from first to last. The vil-
lian from the city persuades the fair
country maid to go to New York with
him. Her lover from the country
after her, and finally rescues her from
the clutches of the villain. This is
one of the best comedies ever shown
in the city. The show for last
night will be shown tonight also.

The bill for Tuesday is a powerful
drama "The Sisters," a comedy "Pat-
ty's Jonah Day," and "Her Younger
Sister," a drama.

The management has secured for
Wednesday only as their next big
feature, "The Greyhound," Paul Ar-
nstrong's and Wilson Mizner's great
crook play. The drama is in five
parts and is replete with adventure,
and full of surprises. Mr. Ar-
nstrong is the recognized dramatist of
the day in this class of plays, and the
photo play is even more interesting
than the stage production.

At the Grand

"Master Key" tonight and Tues-
day. This special feature serial
grows in interest as the mystery of
the plan of the lost mine deepens.
See Gallon making his will on his
death bed leaving everything to his
daughter Ruth with instructions never
to let go of "The Master Key" as
it will always make her independent.
The miners wages are cut 25 per cent
and this causes a general strike in
which Wilkerson nearly loses his
life which was saved by Dore. You
will see Ella Hall becoming stronger;
in her part each week. This serial
becomes stronger and stronger each
week. Also our special comedies
"The Dog Raffles" and "The Lone-
some Dog."

At the Columbia

"The Littlest Rebel" can be seen
at the Columbia again tonight and
should draw a packed house. "Folks
from Way Down East" tomorrow only
Mrs. Plunkett and Al. Mraz scored a
hit last night in their duet. They
can again be heard tonight.

You need rich, red blood in your
system, builds you up, makes you

matism, boils eczema, stimulates all

tion, to ward off diseases. Hollis-

anteed to do this; begin today, en-

REPUBLICANS WILL FIGHT

Senators Will Oppose Passage of Ship
Purchase Bill.

Washington, Jan. 11.—With another
week of the short session of congress
history administration leaders are
growing more apprehensive about the
legislative program outlined by the
president and they start this week
with further determination to exert
every possible parliamentary effort to
make progress.

Republican leaders in the senate
have concentrated their forces on the
government ship purchase bill, which
they insist should not be passed at
all, and discussion of which they have
promised shall be prolonged as much
as possible.

Democratic leaders believe that the
ship purchasing bill can be pressed
for general debate throughout most
of the week.

"Pape's Diapepsin" Ends Indigestion
Gas, Dyspepsia and Stomach
Misery in Five Minutes

If what you just ate is souring on
your stomach or lies like a lump of
lead, refusing to digest, or you belch
gas and eructate sour, undigested
food, or have a feeling of dizziness,
heartburn, fullness, nausea, bad taste
in mouth and stomach headache, you
can get blessed relief in five minutes.

Ask your pharmacist to show you
the formula, plainly printed on these
fifty-cent cases of Pape's Diapepsin.
then you will understand why dys-
peptic troubles of all kinds must go,
and why they relieve sour, out-of-
order stomachs or indigestion in five
minutes. "Pape's Diapepsin" is harm-
less; tastes like candy, though each
dose will digest and prepare for as-
similation into the blood all the food
you eat; besides, it makes you go to
the table with a healthy appetite;
but, what will please you most, is
that you will feel that your stomach
and intestines are clean and fresh,
and you will not need to resort to lax-
atives or liver pills for biliousness or
constipation.

This city will have many "Pape's
Diapepsin" cranks as some people will
call them, but you will be enthusias-
tic about this splendid stomach prepa-
ration, too, if you ever take it for
indigestion, gases, heartburn, sour-
ness, dyspepsia, or any stomach mis-
ery.

Get some now, this minute, and rid
yourself of stomach trouble and indig-
estion in five minutes.—Advt.

MUSIC AND DRAMA

At the Empress
The show last night at the Empress theatre was one of rare merit. "The Friend" a drama in two reels deals with an often discussed question. Is it right for a man who knows of a mistake in a woman's past life to tell the man she is engaged to of it? The solution offered by this picture is the one held by most people, and the film portrays it in a most forceful manner. "A Dog's Good Deed" was another reel of pleasure. The intelligence of the dog shown who is the star of all trained dogs, is something uncanny. About the only thing he can do is talk.
"Leading Lizzie Astray" is a scream from first to last. The villain from the city persuades the fair country maid to go to New York with him. Her lover from the country after her, and finally rescues her from the clutches of the villain. This is one of the best comedies ever shown in the city. The show for last night will be shown tonight also.
The bill for Tuesday is a powerful drama "The Sisters," a comedy "Fatty's Jonah Day," and "Her Younger Sister," a drama.
The management has secured for Wednesday only as their next big feature, "The Greyhound." Paul Armstrong's and Wilson Mizner's great crook play. The drama is in five parts and is replete with adventure, and full of surprises. Mr. Armstrong is the recognized dramatist of the day in this class of plays, and the photo play is even more interesting than the stage production.

At the Grand
"Master Key" tonight and Tuesday. This special feature serial grows in interest as the mystery of the plan of the lost mine deepens. See Gallon making his will on his death bed leaving everything to his daughter Ruth with instructions never to let go of "The Master Key" as it will always make her independent. The miners wages are cut 25 per cent and this causes a general strike in which Wilkerson nearly loses his life which was saved by Dore. You will see Ella Hall becoming stronger in her part each week. This serial becomes stronger and stronger each week. Also our special comedies "The Dog Raffles" and "The Lone-some Dog."

At the Columbia
"The Littlest Rebel" can be seen at the Columbia again tonight and should draw a packed house. "Folks from Way Down East" tomorrow only Mrs. Plunkett and Al. Mraz scored a hit last night in their duett. They can again be heard tonight.

You need rich, red blood in your system, builds you up, makes you strong and rugged, prevents rheumatism, boils, eczema, stimulates all organs of the body to healthy action, to ward off diseases. Hollister's Rocky Mountain Tea is guaranteed to do this; begin today, enjoy good health tomorrow. 35c.

REPUBLICANS WILL FIGHT

Senators Will Oppose Passage of Ship Purchase Bill.
Washington, Jan. 11.—With another week of the short session of congress history administration leaders are growing more apprehensive about the legislative program outlined by the president and they start this week with further determination to exert every possible parliamentary effort to make progress.
Republican leaders in the senate have concentrated their forces on the government ship purchase bill, which they insist should not be passed at all, and discussion of which they have promised shall be prolonged as much as possible.
Democratic leaders believe that the ship purchasing bill can be pressed for general debate throughout most of the week.

IF MEALS HIT BACK AND STOMACH SOURS

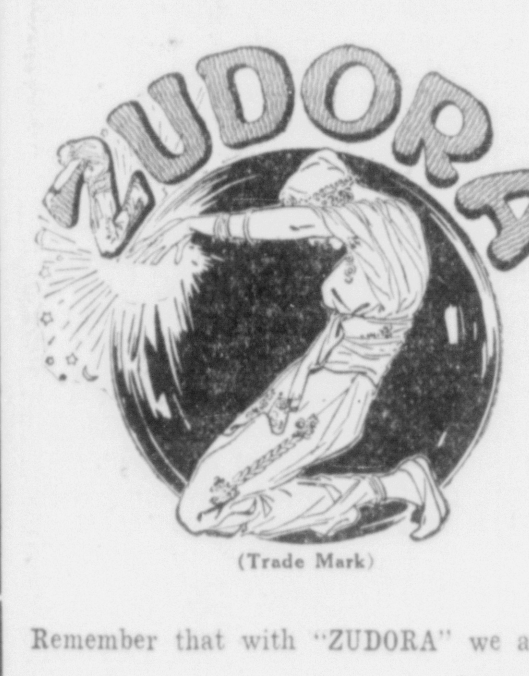

"Pape's Diapiesin" Ends Indigestion Gas, Dyspepsia and Stomach Misery in Five Minutes

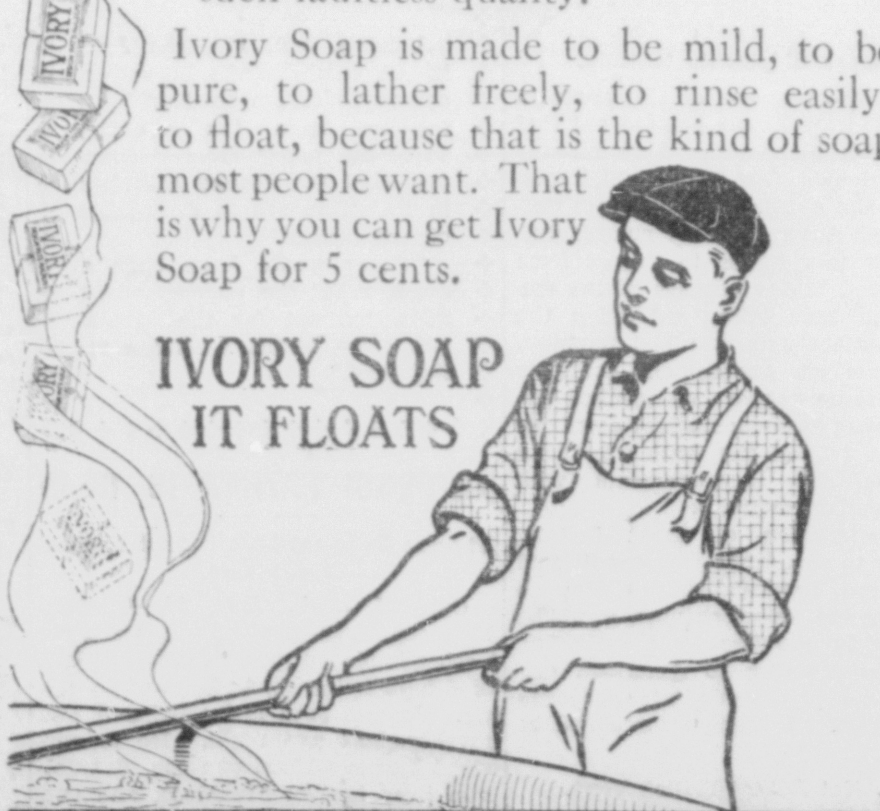

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Adv.

IVORY SOAP
IT FLOATS

IVORY SOAP is made with the intent of producing the finest soap in the world—not at the price but regardless of price.
The fact that this pure, mild, high grade soap can be sold at 5 cents for a six-ounce cake is due to the great demand for a soap of such faultless quality.
Ivory Soap is made to be mild, to be pure, to lather freely, to rinse easily, to float, because that is the kind of soap most people want. That is why you can get Ivory Soap for 5 cents.

ENGINEERS TO LEAVE BRAINERD

C. W. Mowery was at Head of the Corps and Has Been Transferred to St. Paul

OFFICES IN RANSFORD BLOCK

Superintendent Construction Leaks Cutoff, Duluth-Brainerd and Wilcox Spurs, Etc.

For two years the Northern Pacific railway maintained a corps of engineers on the Cuyuna range working under the direction of C. W. Mowery. Their offices were first in Deerwood and later were transferred to the Ransford block.

The engineers laid out the Leak cutoff extending from west of the hospital to Leak's siding and Mr. Mowery superintended construction work.

The next year there was laid out the Duluth-Brainerd spur leading to that mine from the Cuyuna Northern railway; the Wilcox spur leading to the Wilcox mine from Loerich on the Northern Pacific southward to the mine. Other work of more importance was the extension connecting the Northern Pacific and Soo at Cedar Lake. All work has now been completed except the putting in of a spur to the Croft mine at Crosby.

Mr. Mowery and family gained the esteem of all who knew them and Brainerd will be sorry to see the estimable family remove to St. Paul. The best wishes for his continued success accompany Mr. Mowery to his new field of labor.

ADOPTS LITTLE GIRL

Gladys Wins her Way into the Hearts of City Attorney and Mrs. W. H. Crowell

When a little girl of six recently came into the office of City Attorney W. H. Crowell and Mr. Crowell listened to a tale of want, his heart went out to the diminutive stranger. Her parents, he found later, were Finnish people who had at one time lived in Superior. The mother was well connected in Finland, but the father was a derelict. A year ago she passed away and the little girl was buffeted about by misfortune.

As she was brought into the office in connection with some poor relief claim, here artlessness and native brightness made an instant appeal to Mr. Crowell. She said her name was Gladys.

"My name," said Mr. Crowell, "is Uncle Will. Would you like to go to my house?"

The little one jumped for joy and gurgled out, "Yes."

Mr. Crowell took the little maid to his home, where there are no children and Mrs. Crowell was surprised. Gladys saw her washing dishes and she sprang on a chair and volunteered to assist.

Mr. Crowell returned to his office and when he went home at noon a transformation had been effected in Gladys' appearance. New, pretty clothes set off her childish beauty.

"I think," said Mr. Crowell, "Gladys will stay with us." Mrs. Crowell acquiesced, adoption papers were shortly made out and she is now legally one of the family. She goes to school and Sunday school, is learning rapidly and to say that she likes her papa and mama is putting it mildly. In the weeks she has been with Mr. and Mrs. Crowell not one word of reproach was ever given her.

CIRCULATING PETITIONS

Friends of Sullivan, Newman and Payne Active in Getting Signers to Petitions for Pardon

Throughout Crow Wing county, the Cuyuna iron range, Brainerd, Crosby, Deerwood and other towns petitions are being circulated asking for the pardon of William J. Sullivan, recently sentenced to the reformatory, and of Peter L. Newman and George C. Payne, sentenced to hard labor in the penitentiary, the three having been convicted of kidnapping Theodore Sjogren, miner, April 17, 1913, at the time of the strike in Crosby.

Many signatures have been received, especially for Sullivan, who was under age at the time of the act. Newman is about 40 years old and Payne 30. Newman has brothers in Little Falls, Wadena, Perham and Royalton.

Rheumatism's ache and pains, what would you give to be without them? Here's the safest and best way. Take Hollister's Rocky Mountain Tea each night before retiring for a week, then skip a week and start again. You'll soon wonder where the aches and pains went. Begin tonight.

LEMON EXTRACT RAID

Government Agents Visit Walker Where They Break a Few Bottles of Wine and Lemon Extract

The Walker Pilot says: Agents Brant and Larson unexpectedly "pussyfooted" into Walker yesterday morning and made the rounds of all former saloons, pool halls, stores and other places of business, but according to all reports failed to find much. Several bottles of wine were found in the Chase hotel and taken out and smashed, the same fate befalling a few dozen bottles of lemon extract taken from the K. Segal store. The men made a systematic search of every place and any store having more than a dozen bottles of lemon extract, the surplus was confiscated and destroyed.

Mr. Crowell returned to his office and when he went home at noon a transformation had been effected in Gladys' appearance. New, pretty clothes set off her childish beauty.

"I think," said Mr. Crowell, "Gladys will stay with us." Mrs. Crowell acquiesced, adoption papers were shortly made out and she is now legally one of the family. She goes to school and Sunday school, is learning rapidly and to say that she likes her papa and mama is putting it mildly. In the weeks she has been with Mr. and Mrs. Crowell not one word of reproach was ever given her.

CIRCULATING PETITIONS

Friends of Sullivan, Newman and Payne Active in Getting Signers to Petitions for Pardon

Throughout Crow Wing county, the Cuyuna iron range, Brainerd, Crosby, Deerwood and other towns petitions are being circulated asking for the pardon of William J. Sullivan, recently sentenced to the reformatory, and of Peter L. Newman and George C. Payne, sentenced to hard labor in the penitentiary, the three having been convicted of kidnapping Theodore Sjogren, miner, April 17, 1913, at the time of the strike in Crosby.

Many signatures have been received, especially for Sullivan, who was under age at the time of the act. Newman is about 40 years old and Payne 30. Newman has brothers in Little Falls, Wadena, Perham and Royalton.

LEMON EXTRACT RAID

Government Agents Visit Walker Where They Break a Few Bottles of Wine and Lemon Extract

The Walker Pilot says: Agents Brant and Larson unexpectedly "pussyfooted" into Walker yesterday morning and made the rounds of all former saloons, pool halls, stores and other places of business, but according to all reports failed to find much. Several bottles of wine were found in the Chase hotel and taken out and smashed, the same fate befalling a few dozen bottles of lemon extract taken from the K. Segal store. The men made a systematic search of every place and any store having more than a dozen bottles of lemon extract, the surplus was confiscated and destroyed.

CHANCE FOR A CONVENTION

County Commissioners of Beltrami County Refuse to Unanimously Approve for N. M. D. A.

BELTRAMI COUNTY NO MEMBER

Headquarters of Association There. The Next Winter Meeting is Scheduled There

Beltrami county commissioners have refused to unanimously vote their proportionate appropriation for the Northern Minnesota Development Association and if continued Beltrami county may lapse in its membership to the association.

It requires the unanimous consent of the county commissioners to appropriate and one member voted no. Beltrami county is the birthplace of the organization, supplied many of its officers and is the scene of the next winter convention.

Should Beltrami lose its representation, Brainerd should quickly enter the field and annex the winter convention.

WOMAN'S REALM**THE BRAINERD
MUSICAL CLUB**

The First Regular Meeting of the
Holiday Season was Held on
Saturday Afternoon

MESDAMES SLIPP AND DAVISON
Were Hostesses—Singer of the After-
noon Was Miss Frances Sidden,
of St. Paul

The first regular meeting of the
BRAINERD Musical club, since the hol-
iday season, was held Saturday af-
ternoon at Elks hall. The day was
in charge of Mrs. E. P. Slipp and
Mrs. J. H. Davison.

The singer of the afternoon was
Miss Frances Sidden of St. Paul, who,
in her four English songs, complet-
ely won the audience by her unas-
suming manner, clear enunciation,
and intelligent interpretations. She
met with a deservedly warm recep-
tion that grew more enthusiastic af-
ter each number, and ended in a hea-
rty encore, to which she graciously
responded.

The accompaniments and piano so-
los by Mrs. Walter P. Wieland were
performed in her usual pleasing man-
ner.

Rev. G. P. Sheridan's paper on
"Poetry—It's Place in Life," was a
valuable acquisition to the program.
He handled his subject in a masterly
inspiring manner, and proved his as-
sertion that the function of poetry
is most important. His poetical se-
lections were rendered in a style
which showed great delicacy of feel-
ing and dramatic ability. He held
the interest and delight of his audi-
tors throughout.

For Miss Wentworth

A party shower was given in hon-
or of Miss Nettie Wentworth at her
home Saturday evening by a num-
ber of friends. She received many
useful gifts. The evening was spent
in music and games. Covers were
laid for nine. All reported having
spent a very pleasant evening.

A DESTITUTE FAMILY

An Appeal for Help for a Family of
Children Without Shoes, Stock-
ings and Heavy Underwear

I am interested in securing cloth-
ing for a family of children living in
the country.

There are six children, five of
school age and their destination is
extreme. They are without shoes,
stockings and heavy underwear. Their
only bedding being old coats and
rags. I recently visited them and
found the parents, both very
frail, unable to do more than to keep
the house warm and provide food
enough to keep from starving. The
children's ages range as follows: a
boy of 13, twin boys of ten, and one
of nine, and girls of six and three.

All kinds of clothing will be ac-
ceptable and if brought to the Court
House, will be sent immediately to
this family.

**ALL PRESIDENTS
USED PATRONAGE**

Every Year There's Discussion
Over Power Executive Wields.

SEEK TO DISCREDIT PEARY.

Congressman Fitzhenry of Illinois De-
termined to Give Dr. Cook Another
Chance to Prove His Claim to Dis-
covery of North Pole—Mexican In-
vasion Cost \$9,000,000.

By ARTHUR W. DUNN.

Washington, Jan. 11.—[Special.]—
Year after year there is discussion of
the power which the president of the
United States exercises over legisla-
tion, and from time to time some one
breaks forth with a complaint against
the manner in which the president
brings pressure upon the senate and
house to accomplish results. It is prob-
able that this discussion will go on for-
ever, as it is doubtful whether any at-
tempt will be made to deprive the pres-
ident of the power which he exerts.

Curiously enough the question of pa-
tronage always brings out more talk
than matters of real importance. When-
ever there is a difference between
the president and the senate over
appointments and the senate re-
fuses to confirm and the president con-
tinues to make recess appointments of
men rejected or refused confirmation
the subject of executive power springs
into prominence.

Used by Every President.

If there has been any president of
the United States who failed to utilize
the power he holds by reason of ap-
pointments his name has not been
mentioned. Every president has cer-
tain legislative matters that he wants
to have passed. In later years every
president outlines an important legisla-
tive program, and none of the con-
gressional leaders attempt anything of
great importance that does not have
the president's approval. The pres-
ident forces this legislation through by
the use of patronage, withholding it
from those who do not support his po-
licies and granting it to those who do.

Former Senator Jonathan Bourne of
Oregon has recently broken forth in a
severe criticism of the use of patron-
age to obtain legislative action. He
was at odds with the Taft administra-
tion and he knows how congressmen
are punished who do not follow the
president.

Reviving Dr. Cook.

It was generally supposed that the
American people had settled down to
the belief that Admiral Peary had dis-
covered the north pole and that Dr.
Cook had been entirely discredited.
But Congressman Fitzhenry of Illi-
nois is determined to give Dr. Cook
another show and has published a
speech in the Congressional Record
tending to discredit the exploit of Pe-
ary and to show that Dr. Cook was re-
ally the first man at the north pole.
Fitzhenry thinks that congress should
settle it by an investigation. He says
that important interests at the north
pole as the world develops make it nec-
essary that the United States establish
its right to that part of the world by
officially announcing the discovery of
the polar regions by an American.

Monuments in Washington.

Already there are a great many
monuments in Washington, some of
them erected to men who have long
since been forgotten. Another is to be
placed somewhere in the city to Gen-
eral George Gordon Meade, the victor
at Gettysburg. Strange as it may seem,
the state of Pennsylvania is paying for
this monument, and all it asks of con-
gress is the privilege of erecting it
here.

Inventor of the Monitor.

During discussion of the bill the
question came up as to whether any-
thing was done about a monument for
John Ericsson, the inventor of the
Monitor, which fought the Merrimac
in Hampton Roads. Chairman Fitzger-
ald of the appropriations committee
said he had introduced the bill and
had earnestly urged it, but so far with-
out success. "I hope," said Congress-
man Bryan of Washington, "that the
gentleman from New York will not
allow this bill to lie idle. Ericsson
came from a virile race of people who
are represented all over this country."
He referred to the Swedes who are lo-
cated in nearly every northern state of
the Union.

Cost of Mexican Excursion.

It was stated in debate in the house
that the Mexican imbroglio, so far as
it went, including the army and the
movement of the navy, cost somewhere
in the neighborhood of \$9,000,000.
When this was brought out in debates
in the house there was more or less
chaffing about it, and some member
declared that nothing had been ac-
complished by the move.

Not by the People.

It is an interesting fact that the
people have nothing to do with amend-
ing the constitution of the United
States. The constitution is amended
by the representatives of the people.
Congress by two-thirds majority in
each house submits an amendment to
the states, but it is not ratified by
the people of the states, but by the legis-
latures. After a state legislature once
takes favorable action upon a consti-
tutional amendment that action cannot
be rescinded. The state stands as hav-
ing indorsed the amendment.

No "Rooms For Rent."

"In London the good woman who
has furnished lodgings to let never
puts out that sign, 'Room For Rent,'
so familiar in the cities of the United
States," said a traveler. "Instead she
displays the single word 'Residence.'
That sounds queer to us, and until the
Yankee visitor becomes wise as to its
meaning he wonders what its purpose
might be. Any native will tell him
that such a legend means the occupant
of the house will rent a part thereof to
one who is seeking a place to reside
in. So, if you are in England and wish
to rent a furnished apartment or room,
wherever you see the word 'Resi-
dence' go boldly in and state your mis-
sion."—Baltimore American.

THE BRAINERD MUSICAL CLUB

The First Regular Meeting of the Holiday Season was Held on Saturday Afternoon

MESDAMES SLIPP AND DAVISON

Were Hostesses—Singer of the After- noon was Miss Frances Siddon, of St. Paul

The first regular meeting of the Brainerd Musical club, since the hol- iday season, was held Saturday af- ternoon at Elks hall. The day was in charge of Mrs. E. P. Slipp and Mrs. J. H. Davison.

The singer of the afternoon was Miss Frances Siddon of St. Paul, who, in her four English songs, com- pletely won the audience by her un- assuming manner, clear enunciation, and intelligent interpretations. She met with a deservedly warm recep- tion that grew more enthusiastic af- ter each number, and ended in a heart- y encore, to which she graciously responded.

The accompaniments and piano so- los by Mrs. Walter F. Wieland were performed in her usual pleasing man- ner.

Rev. G. P. Sheridan's paper on "Poetry—It's Place in Life," was a valuable acquisition to the program. He handled his subject in a masterly inspiring manner, and proved his as- sertion that the function of poetry is most important. His poetical se- lections were rendered in a style which showed great delicacy of feel- ing and dramatic ability. He held the interest and delight of his audi- tors throughout.

For Miss Wentworth

A patel shower was given in hon- or of Miss Nettie Wentworth at her home Saturday evening by a num- ber of friends. She received many useful gifts. The evening was spent in music and games. Covers were laid for nine. All reported having spent a very pleasant evening.

Stitch & Chatter Club

A DESTITUTE FAMILY

An Appeal for Help for a Family of Children Without Shoes, Stock- ings and Heavy Underwear

I am interested in securing cloth- ing for a family of children living in the country.

There are six children, five of school age and their destitution is extreme. They are without shoes stockings and heavy underwear. Their only bedding being old coats and rags. I recently visited them and found the parents, both very frail, unable to do more than to keep the house warm and provide food enough to keep from starving. The children's ages range as follows: a boy of 13, twin boys of ten, and one of nine, and girls of six and three.

All kinds of clothing will be ac- ceptable and if brought to the Court House, will be sent immediately to this family.

ALL PRESIDENTS USED PATRONAGE

Every Year There's Discussion Over Power Executive Wields.

SEEK TO DISCREDIT PEARY.

Congressman Fitzhenry of Illinois De- termined to Give Dr. Cook Another Chance to Prove His Claim to Dis- covery of North Pole—Mexican In- vasion Cost \$9,000,000.

By ARTHUR W. DUNN.

Washington, Jan. 11.—[Special.]— Year after year there is discussion of the power which the president of the United States exercises over legisla- tion, and from time to time some one breaks forth with a complaint against the manner in which the president brings pressure upon the senate and house to accomplish results. It is prob- able that this discussion will go on for- ever, as it is doubtful whether any at- tempt will be made to deprive the pres- ident of the power which he exerts.

Curiously enough the question of pa- tronage always brings out more talk than matters of real importance. Whenever there is a difference be- tween the president and the senate over appointments and the senate re- fuses to confirm and the president con- tinues to make recess appointments of men rejected or refused confirmation the subject of executive power springs into prominence.

Used by Every President.

If there has been any president of the United States who failed to utilize the power he holds by reason of ap- pointments his name has not been mentioned. Every president has cer- tain legislative matters that he wants to have passed. In later years every president outlines an important legis- lative program, and none of the con- gressional leaders attempt anything of great importance that does not have the president's approval. The pres- ident forces this legislation through by the use of patronage, withholding it from those who do not support his po- licy and granting it to those who do.

Former Senator Jonathan Bourne of Oregon has recently broken forth in a severe criticism of the use of patron- age to obtain legislative action. He was at odds with the Taft administra- tion and he knows how congressmen are punished who do not follow the president.

Reviving Dr. Cook.

It was generally supposed that the American people had settled down to the belief that Admiral Peary had dis- covered the north pole and that Dr. Cook had been entirely discredited. But Congressman Fitzhenry of Illi- nois is determined to give Dr. Cook another show and has published a speech in the Congressional Record tending to discredit the exploit of Peary and to show that Dr. Cook was real- ly the first man at the north pole. Fitzhenry thinks that congress should settle it by an investigation. He says that important interests at the north pole as the world develops make it nec- essary that the United States establish its right to that part of the world by officially announcing the discovery of the polar regions by an American.

Monuments In Washington.

Already there are a great many monuments in Washington, some of them erected to men who have long since been forgotten. Another is to be placed somewhere in the city to Gen- eral George Gordon Meade, the victor at Gettysburg. Strange as it may seem, the state of Pennsylvania is paying for this monument, and all it asks of con- gress is the privilege of erecting it here.

Inventor of the Monitor.

During discussion of the bill the question came up as to whether any- thing was done about a monument for John Ericsson, the inventor of the Monitor, which fought the Merrimac in Hampton Roads. Chairman Fitzger- ald of the appropriations committee said he had introduced the bill and had earnestly urged it, but so far with- out success. "I hope," said Congress- man Bryan of Washington, "that the gentleman from New York will not allow this bill to lie idle. Ericsson came from a virile race of people who are represented all over this country." He referred to the Swedes who are lo- cated in nearly every northern state of the Union.

Cost of Mexican Excursion.

It was stated in debate in the house that the Mexican imbroglio, so far as it went, including the army and the movement of the navy, cost somewhere in the neighborhood of \$9,000,000. When this was brought out in debates in the house there was more or less chaffing about it, and some member declared that nothing had been ac- complished by the move.

Not by the People.

It is an interesting fact that the people have nothing to do with amend- ing the constitution of the United States. The constitution is amended by the representatives of the people. Congress by two-thirds majority in each house submits an amendment to the states, but it is not ratified by the people of the states, but by the legis- latures. After a state legislature once takes favorable action upon a consti- tutional amendment that action cannot be rescinded. The state stands as hav- ing indorsed the amendment.

No "Rooms For Rent."

"In London the good woman who has furnished lodgings to let never puts out that sign, 'Room For Rent,' so familiar in the cities of the United States," said a traveler. "Instead she displays the single word 'Residence.' That sounds queer to us, and until the Yankee visitor becomes wise as to its meaning he wonders what its purpose might be. Any native will tell him that such a legend means the occupant of the house will rent a part thereof to one who is seeking a place to reside in. So, if you are in England and wish to rent a furnished apartment or room, wherever you see the word 'Resi- dence' go boldly in and state your mis- sion."—Baltimore American.
